EDUCATION:

Georgia Institute of Technology, Atlanta, GA   August 2016 - Present

- Candidate for Bachelor of Science in Computer Science (May 2020)
- Threads: Information Internetworks, People
- GPA: 3.43
- Dean's List: Spring 2018

Norcross High School, Norcross, GA   August 2012 - May 2016

- Graduated with Honors
- GPA: 4.0

WORK EXPERIENCE:

Datapath, Inc., Duluth, GA   May 2018 - August 2018

Software Co-Op

- Using DGLux5 and JavaScript, I created an interactive color picker widget to be featured in the upcoming release of MaxView Enterprise.
- Wrote several drivers that allowed users to send and receive non-human readable messages through MaxView Enterprise's simple user interface.

SKILLS:

Computer Languages: Java, Python, HTML, CSS, JavaScript, jQuery, Sass, TCL, SQL

Operating Systems: Windows, Mac OS X

Programs: Github, Atom, Android Studio, IntelliJ, Eclipse, DGLux5

Foreign Languages: Proficient Spanish

CODE EXPERIENCE:

www.mayaviust.com

- Personal website coded from scratch using HTML, CSS, JavaScript, jQuery, and Sass. Optimized for mobile, tablet, and desktop.

Memory

- A digital version of the card game Memory, created with JavaScript, CSS, and HTML.
- The cards are interactive and completion time is recorded then later displayed.

Number Converter

- Java program that converts positive integers between the numerical systems: binary, decimal, hexadecimal, and octal.
- Graphical user interface implemented with JavaFX.
